Our predictions cover all the major sporting leagues and tournaments that take p

lace.

They analyze the upcoming fixtures and conclude with advice on what bets you sh

ould consider placing.

All will be present in the Betting Tips section.

Fans of sports that are not classed as US Sports will see a difference between t

hem and regular sports when they watch them.

It doesn't matter if your team wins clearly by a huge margin, or they win w

ith the last play in overtime if they win then so do you.

It is the simplicity of the market that appeals to a lot of new punters, and it

also prevents you from losing interest in the game from a betting perspective sh

ould it go to overtime.

The 3-way line is the traditional way to bet in non-US sports, so for example, i

f you are a regular soccer gambler then you are going to understand how this mar

ket works and it may be easier for you to use this market when you are just star

ting out (read this [soccer betting explained](#)).

No events on selected day [More Events](#)

However, if you are struggling to split the two teams then you want everything o

n your side you can possibly get, and that includes the potential for an overtim

e win on the money line.
