Whether you are new to the world of betting or somewhat of an old hand when it comes to having a flutter every now and again, you will undoubtedly be aware of the sheer range of options at bookmakers like Betfair and Paddy Power when it comes to having a bet.

This could be anything from a single to a Yankee to Super Heinz or an accumulator.

After providing full information regarding your range of bets, the odds calculator will then take care of the hard work by doing the maths and generating an overview of the bets you have made or are planning to make, as well as the potential returns which will be available if you are successful.

While the use of decimals may seem very simple in that respect, it is worth bearing in mind that the concept offers up one fundamental difference in comparison to the use of fractional odds.

Furthermore, the use of odds calculators can help you fully understand how specific combinations of bets could put you on the path towards winning big and also ensure you are fully aware of the winnings that you are due.

Some friends, others as well as even some local users, have used an annual "Vote" to share their experience.
